

Design Your Own (DYO)

The Design Your Own (DYO) study in Ensign Windows is a very powerful tool that can be used to program your own Studies, Alerts, and Tools. Click the **Studies** button on the Chart Toolbar and then select **Design Your Own** to open the properties window for the study, and begin designing your own study. Watch the DYO Training Videos on the Ensign web site to learn how to get started.

Design Your Own Study
